**Where?** Larkey Swim Center, 2771 Buena Vista Avenue, Walnut Creek  
**Bring?** Swimsuit and towel for a quick skill-level assessment

## *Why Choose Walnut Creek Swim Club?*

### *Community!*

The WCSC continues its 48 year tradition as one of the county's finest recreational swim teams. Swimmers aged 4 -18 improve their stroke while having fun and making lasting friendships! *FUN* age group activities are supervised by coaches.

### *Coaching!*

Our staff of 7 full-time coaches is the finest in the area! Head coach, John Tsubota, has coached our swimmers for 13 years. He succeeds Head Coach Brad Hoy, who retired after leading our team for over 36 years! Age level coaches are previous team members and local school teachers who have years of experience with children.

### *Quality!*

Advanced stroke and turn instruction has resulted in WCSC's long and proud tradition of winning. In 2008 we won the Contra Costa County League Championship! Our history includes taking first place in the WC All-City Meet for 12 consecutive years as well as winning the County Championship Meet 16 times!

### *Value!*

There is no better way to improve your stroke than daily team practice. WCSC's registration fees are among the lowest available for a recreational swim team. We are not a private swim club so there are no club membership or initiation fees. Free stroke and turn clinics are made available to all swimmers. Age group social activities are included in your registration.

### *Convenience!*

Spring practices at Larkey Swim Center are held on Monday, Wednesday and Thursday. Younger swimmers practice for  $\frac{1}{2}$  hour, while the older swimmers practice up to  $1\frac{1}{4}$  hours. Starting June 15<sup>th</sup>, we practice every morning through July 31<sup>st</sup>, finishing by 10:00 so your entire day is free for summer fun! See our website calendar for complete practice location and schedule details.
